To,

The Director,

Centre for Environment and Economic Development (CEED),
A Research and Knowledge Institute (Affiliated to Niti Aayog),
Kolkata Chapter.

3rd August, 2018.

Dear Sir,

Re: **MoU regarding academic collaboration with your research institute**

It is our intention to sign Memoranda of Understanding with various research institutes for academic collaboration as part of our ongoing initiatives to enlarge the scope of our research activities, improve the teaching-learning parameters, promote advocacy in crucial areas and enhance the academic credentials of our teaching faculty.

To that end we propose a Memorandum of Understanding (MoU) with your institution whereby our college may, from time to time collaborate with you on an array of subjects likely to prove beneficial to both the organizations.

We have already collaborated on one such programme, namely **A Two-Day Workshop cum Hands-On Training Programme on Application of ICT and E-learning Modules in the Teaching – Learning System** on the 13th & 14th July, 2018. It was a highly successful venture as is evident from the feedback from the participants.

It is indeed our express wish to continue with the programmes on a regular basis so that the academic exchanges thus generated may proliferate in the larger academic community sustaining the spirit of enquiry and rational discourse integral to a healthy society.

I sincerely hope that the academic collaboration and partnership sought by us will be accepted by your institution and you will reciprocate with a letter of consent.

Thanking you,

Yours faithfully,

Principal
Women's Christian College

CENTRE FOR STUDIES IN SOCIAL SCIENCES, CALCUTTA

R-1, Baishnabghata-Patuli Township, Kolkata 700 094

Dated: 4 May 2018

Dr Ajanta Paul
Principal Women's Christian College
Kolkata – 700 026

Dear Dr Paul,

With reference to your letter dated 17 April 2018, we are happy to partner with your institution. We are open to hosting the following activities:

1. Organising seminars/workshops/conferences jointly. We can provide infrastructural, faculty and other support. A mechanism for generating money from these events can be formulated which can be shared between the two institutions.
2. Exchange of faculty between the two institutions.
3. Applying for externally funded projects jointly and executing it together. The revenue sharing will have to be worked out.

We will take a call on live streaming of classes later, but of course as you already know, we teach at the M. Phil. and Ph.D. level only. Also, it will not be possible to host an internship programme for undergraduate students as the CSSSC is a research institution having only M Phil and Ph D programmes.

With best wishes,
Yours sincerely,

(Rosinka Chaudhuri)
Director, CSSSC
